We're excited to share the remarkable progress of Be Pro Be Proud SC and extend an invitation for your partnership in this vital initiative to elevate skilled trades across South Carolina.

Through Be Pro Be Proud SC, we've made great strides in increasing the pool of qualified workers and reigniting pride in the valuable careers within our state's skilled trades. Our military-grade, state-of-the-art mobile workshop—an 18-wheeler equipped with cutting-edge simulators—has already visited nearly 500 schools and community events, engaging over 43,750 visitors. These hands-on experiences are inspiring students to explore fulfilling career paths, while also educating parents, teachers, and guidance counselors about the countless opportunities in these essential fields.

The response has been overwhelming, with communities across the state, from rural towns to urban centers, welcoming our mobile unit at career fairs, trade shows, and a wide variety of public and private events. Thanks to the hard work of our dedicated team, we're helping students stay in school, avoid risky behaviors, and envision a successful future in the skilled trades.

While we've made significant progress, there's still much work to be done. That's why we're reaching out for your support to help us expand our efforts and ensure the continued success of this transformative initiative.

We are aiming for October 31st to confirm sponsorship commitments, allowing us to finalize the design of our Mobile Unit and prepare for the next phase of our statewide tour. Your sponsorship will directly fund the simulators, modules, and technology critical to engaging and educating the next generation of skilled professionals.

If your organization:

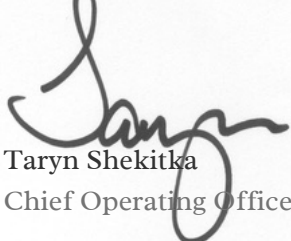

- Struggles to find qualified, reliable workers,
- Wants to reduce dropout rates and increase workforce participation,
- Seeks to boost the local economy and foster pride in skilled labor,

then Be Pro Be Proud SC is the right initiative for you.

For more details on sponsorship opportunities, please see the attached information. We would love to schedule a time to discuss how you can support this high-impact, high-visibility program.

On behalf of the Associated Industries of South Carolina Foundation and for a stronger, more competitive South Carolina, we sincerely thank you for considering this opportunity.

Sincerely,

Taryn Shekitka  
Chief Operating Officer
